**RULES FOR 2010 PERSONAL PROPERTY EXTENSIONS**

An extension allows a business to file a personal property return on or before June 15, 2010 without incurring a late filing penalty. The two options for requesting an extension are via the Internet or by paper document.

1) Internet extension requests via the Department’s website are available from February 1, 2010 through April 15, 2010 and are free of charge. This option offers accurate Department ID# look-up, verification of previously submitted extensions, printed confirmation lists and confirmation numbers, and recall lists by last year’s confirmation number. Please visit our website at www.dat.state.md.us and click on “Filing Extension” underneath “What’s New” any time on or after February 1, 2010.

2) Extension requests submitted via paper documents must be postmarked or received by SDAT on or before March 15, 2010 and require a $20 non-refundable processing fee for each entity. If using this method, businesses should use the Department's extension request Form AT3-71 to help ensure that complete and accurate information is submitted. It is available on our website and through our forms request phone line (410-767-1180). Businesses and preparers must retain copies of all request forms and cancelled checks used to pay for paper extensions in the event of a discrepancy between the entity’s and the Department’s records.

3) Extension requests via fax or telephone are no longer available.

1) WHO MUST FILE A RETURN

A Maryland personal property return (Form 1) must be filed by all businesses that are incorporated, qualified or registered to do business in the State of Maryland as of January 1, 2010. This includes corporations, limited liability partnerships (LLP), limited liability companies (LLC), limited partnerships (LP), business trusts, and real estate investment trusts (REIT). This return is required even if the business owns no property in the State or has not conducted any business activity during the year. A business which fails to file this return will receive an estimated assessment which will be twice the estimated value of the personal property owned. In addition, failure to file will result in forfeiture of the charter of a domestic corporation or forfeiture of the right to do business in the State of a foreign corporation, LLC, LLP, LP, business trust, or REIT.

A domestic corporation is organized and exists under the laws of the State of Maryland. A foreign corporation is one incorporated outside the State of Maryland and qualified or registered to do business in the State. A limited liability partnership is an entity that has filed a certificate of limited liability partnership. A limited liability company is an entity that has filed Articles of Organization. A limited partnership is an entity that has filed a certificate of limited partnership. A business trust is an entity that has filed a certificate of trust. A real estate investment trust is an entity that has filed a declaration of trust. Churches that are incorporated need only complete page 1 and the signature section on page 3.

2) WHEN AND WHERE TO FILE

At the beginning of each year, the Department mails a personal property return to all active businesses on record. If the business does not receive a return, it is still responsible for obtaining and filing a return on time. The due date for filing is April 15, 2010. Originally filed 2010 returns are to be sent to the:

State of Maryland
Department of Assessments and Taxation
Personal Property Division
PO Box 17052

3) EXTENSION OF TIME TO FILE

The Department may grant a 2 month extension to file the return. To request an internet extension go to: www.dat.state.md.us and click on: 1) Businesses, 2) Personal Property Information and Forms, and 3) Filing Extension. This option is free of charge and offers Department ID look-up, extension verification, confirmation numbers and recall lists by last year’s confirmation number. Always print and keep a copy of the confirmation number. The Department will automatically accept it as evidence of a valid approved extension in case there is ever a problem. When you file for an extension via our website, do NOT also submit a paper extension request. This system is available 24 hours a day, 7 days a week beginning February 1, 2010 through April 15, 2010. Please file early to avoid possible delays due to the heavy usage of this system which occurs in the last week prior to April 15th.

Extension requests submitted via paper documents must be post-marked or received by SDAT on or before March 15, 2010 and require a $20 non-refundable processing fee for each entity. If using this method, businesses should use the Department’s extension request Form AT3-71 to help ensure that complete and accurate information is submitted. Approved extensions will be recorded by the Department but will not be returned. Retain a copy of the extension request for your records. The Department ID Number must be provided to ensure proper recording of any extension request. Requests with incomplete or missing Department ID numbers will not be recorded. Do not list the business’ Federal Employer Identification Number (EIN) on this form. No additional extension to file will be allowed. Extensions approved by the Internal Revenue Service or Maryland Comptroller of the Treasury for income tax returns will not be accepted.

4) NAME CHANGES

Name changes must be made by amending the business’ organizing document with the Department’s Charter Division.

5) MAILING ADDRESS CHANGES

Make necessary address corrections in the address area and check the address correction box on page 1 of the return.

6) FORMS/PRE-ADDRESSED RETURNS

To ensure proper posting to your account, please file the pre-addressed return. The pre-addressed return contains your Department ID number. Please use this number in all communications with the Department. This number should also appear on all checks accompanying the return.

7) ANNUAL REPORT FILING FEES

The filing fee for the privilege of maintaining a legal entity’s existence in Maryland is $300 for most legal entities. This fee is due even if the entity does not own property in the State or did not conduct any business during 2009. Checks should be made payable to the Department of Assessments and Taxation. Corporations not authorized to issue stock, churches and foreign interstate corporations are not required to pay a filing fee. Refer to the chart below for the proper filing fee:

The filing fee amount is also printed in the address area on the pre-addressed return.
The 2006 General Assembly passed legislation reducing the filing fee to $100 for entities that qualify as a “Family Farm”. In order for an entity to qualify as an SDAT Certified “Family Farm”, it must be a domestic entity, declare in a charter provision to be a “Family Farm” and meet certain specific requirements found in §1-209 of the Corporations and Associations Article. Entities can qualify at the time of formation or via a charter amendment for an existing domestic entity. Please refer to the Businesses section of the Department’s website for more specific information.

8) LATE FILING PENALTIES

A business which files an annual return postmarked after the due date of April 15, 2010 will receive an initial penalty of 1/10 of one percent of the county assessment, plus interest at the rate of two percent of the initial penalty amount for each month or part thereof that the return is late. If returns are filed late, do not prepare penalties. They will be assessed at a later date.

9) PERIOD COVERED

All returns shall cover the calendar year regardless of any fiscal year. All information required in this return shall be given as of January 1, 2010 except line items 2 and 4 which refer to the twelve calendar months of 2009. This return must be accompanied by Form 4A and 4B (Balance Sheet and Depreciation Schedule) provided with the return unless the business does not own any personal property in Maryland. A substitute Balance Sheet, including Schedule L from IRS Form 1120, may be used, however Form 4B (Depreciation Schedule) must be completed. Information supplied on the second, third and fourth pages and enclosures are not open to public inspection. If the Balance Sheet reflects property outside the State of Maryland, please reconcile with the property reported on the return.

10) WHAT MUST BE REPORTED

Generally all tangible personal property owned, leased, consigned or used by the business and located within the State of Maryland on January 1, 2010 must be reported. Property not in use must still be reported. All fully depreciated and expensed personal property must also be reported. Personal property includes but is not limited to office and plant furniture, machinery, equipment, tools, furnishings, trade fixtures, inventory, and all other property not considered part of the real estate.

Personal property in this State (other than operating property of railroads and public utilities) falls into two subclasses:

Stock in business or inventory is goods held by a taxpayer for sale and goods placed on consignment to another for sale in the expectation of a quick turnover. Stock in business does not include goods manufactured by the taxpayer but held by the taxpayer for purposes other than sale or goods manufactured by the taxpayer but placed in possession and control of another as in the case of leased property. Stock in business is assessed at cost or market value whichever is lower. LIFO method of valuation is prohibited.

All other personal property includes all personal property other than inventory and is assessed at full cash value. Taxpayers shall report such property which has been acquired by purchase at cost in the year of acquisition. Taxpayers shall report such property which has been acquired other than by purchase (including property manufactured by the taxpayer) at what the property would have sold for in the year of acquisition. To assess “all other personal property” the Department generally applies a 10% rate of depreciation to the reported property. Exceptions to the 10% rate can be found on the Depreciation Rate Chart on page four (4). Normally, property will not be depreciated below 25% of the original cost.

All questions must be answered in full unless the business does not own, lease, or use personal property and answers Section I question C no. If the reporting taxpayer does not own the class of property covered by any question, the word “none” or the figure “0” should be written in the appropriate blank space. In case of question unanswerable or the answers are incomplete or evasive. Real property is not to be reported on the return.

11) EXEMPTIONS

Property tax exemptions provided by statute shall be strictly construed. Before an exemption can be obtained the taxpayer must show affirmatively that the exemption is clearly allowed.

Businesses may file amended returns to correct reporting errors or claim missed exemptions (except for missed manufacturing exemptions) within three years of the April 15th date that the return was originally due.

For manufacturing exemption requests, an application must be submitted on or before September 1, 2010 or within 6 months after the date of the first assessment notice for the taxable year that includes the manufacturing personal property in order to qualify for the current tax year. Section 7-104 of the Tax-Property Article of the Annotated Code of Maryland has been revised to include subsection (d) that allows the owner of manufacturing personal property to file an application within 6 months after the date of the first assessment notice for a taxable year that includes the manufacturing personal property. If the application is approved, the exemption shall be granted for the taxable year. The exception to the September 1 timeline is applicable to taxable years beginning after June 30, 2009. No manufacturing exemption can be granted unless a timely application is filed. Once filed, no additional manufacturing applications are required in subsequent years.

All personal property owned by certain organizations, including religious groups, government, non-profit educational institutions, non-profit charitable organizations, non-profit hospitals, cemetery and mausoleum companies, and certain other organizations or groups which meet certain “strict use” criteria is exempt. These are referred to as exempt organizations and are fully exempt throughout Maryland from any assessment and taxation. To obtain this type of exemption, an organization must submit written information detailing its operation. If the organization is required to file an IRS Form 990 it should be included with the written information. It should be noted that because the laws differ, organizations granted exempt status by the Internal Revenue Service are not necessarily exempt from personal property taxation in Maryland.

In addition, State law requires that certain types of personal property be fully exempt throughout Maryland from any assessment and taxation. These include aircraft, farming implements, residential (non-business) property, most registered vehicles, boats not more than 100 feet in length, customized computer software, intangible personal property (e.g., stocks, bonds, patents, goodwill, trademarks, etc.).

Businesses owning exempt personal property described in the paragraph above should report the total cost of that property on form 4B (Depreciation Schedule), line 11. Do not report this type of property on the Form 1.

Full or partial exemptions may apply depending on the location of the property for: manufacturing/R&D machinery and equipment, manufacturing/R&D inventory and commercial inventory. Visit the Department’s website for a complete listing of these exemptions.

The law specifically includes the following activities as part of the manufacturing process: (1) the identification, design or genetic engineering of biological materials for research or manufacture; and (2) the design, development or creation of computer software for sale, lease or license.
12) Rounding
Round cents to the nearest whole dollar. Fifty cents and above should be rounded to the next highest dollar.

13) Audit of Return
All personal property assessments, and any information, and figures reported on the personal property return, accompanying schedules and related documents are subject to audit. As a result of such audits, the Department may issue corrected assessments.

14) Transfer of Property
If a business transfers, sells, or disposes of all personal property on or after January 1, 2010 and before July 1, 2010, it must notify the Department in writing on or before October 1, 2010. The notification must contain an itemized description of the property involved, the date and manner of transfer and name(s) and address of the new owner(s) of the property, the consideration received, and a copy of the sales agreement (if available). Upon proper notification and compliance with Section 10-402 of the Tax Property Article, the assessment shall be transferred to the new owner(s).

15) Out of Business
If a business discontinues operations or goes “out of business” prior to January 1, 2010 and has not filed Articles of Dissolution (Domestic Corporations), an Application for Termination (Foreign Corporations), a Certificate of Cancellation (LLC) or a Withdrawal Notice (LLP, LP) with the Department’s Charter Division, a return or letter of explanation detailing the date the business ceased operations and what happened to the property must be filed. Failure to provide this information will result in an estimated assessment being made against the business. Businesses that have not filed Articles of Dissolution, an Application for Termination, a Certificate of Cancellation or a Withdrawal Notice are legally active until they do so or until their charters are forfeited (Domestic Corporations) or their authority to do business is forfeited (Foreign Corporations, LLCs, LLPs, LPs, business trusts, and REITs).

16) Amended Returns
Amended returns can be filed to correct reporting errors or claim a missed exemption (except for missed manufacturing exemptions) within three years of the April 15th date that the return was originally due. Amended returns must be accompanied by information explaining why the amended return is being filed and reconciling the differences with the original return. Write the word “AMENDED” across the top of page 1 of the return. Do not send another $300 filing fee with an amended return.

Specific Instructions - 2010 Form 1
Check the type of business entity and include the required filing fee. Complete the legal name of the business entity, mailing address, Department ID #, federal employer ID #, date and state of incorporation/formation, federal principal business code, and trading as name (if different than legal name of business).

SECTION I
A. Answer yes if the business operates in Maryland. Provide the date business activity began.
B. Provide a brief explanation of business activity in Maryland (e.g. restaurant, legal service, construction, etc.).
C. Answer yes if the business owns, leases, or uses personal property relating to any business activity (including non-profit operations). Answer no if the business does not own, lease or use personal property in the state and skip Section II.
Question D refers to corporations only.
D. List the names and addresses of the current officers and the names of the current directors.

SECTION II
A. Exact Location. Since local tax rates and exemptions differ in each county and in each incorporated town, the location of tangible personal property, including the street address, must be clearly indicated. Post Office Box numbers are not acceptable. If property is located in an incorporated town, supply the name of the town. An incorporated town has its own government and defined municipal boundaries. Inventory is deemed permanently located where the business is conducted. If property is located in two or more jurisdictions supply a breakdown by locations by completing additional copies of Section II for each location.

Businesses not needing a trader’s license and located entirely in the exempt jurisdictions listed below may skip Section II, line items 1 through 5 and Forms 4A, 4B, and 4C.

**LINE ITEM 1**

Furniture, fixtures, tools, machinery and equipment not used for manufacturing or research and development. Includes but is not limited to office furniture, fixtures and equipment, factory equipment and machinery, shelves, signs, counters, etc. (Report non-exempt vehicles on Line Item 6).

This form allows detailed reporting of property which falls under the different rates of depreciation. All property is to be reported under Category A unless specifically listed in another category.

Refer to the Depreciation Rate Chart on page 5 to determine where property owned by the business should be reported (see sample below). Property reported in columns B through G requires a detailed description (e.g., Column C - Vending Machines, Copiers, etc.). Failure to provide the required detail will result in the reported property being assessed at 10% rate of depreciation.

This property shall be reported at original cost in the year of acquisition without deduction of depreciation, investment credit or trade-in of previously owned property. Include all fully depreciated personal property and property expensed under IRS rules.

**EXAMPLE**

Property reported on this line item should be placed under the proper depreciation rate column by the year of acquisition. An example of the correct method of filling out this section is provided for reference. Property reported in categories B through G require an explanation on the lines provided below the box. If additional space is needed to show the necessary detail, attach a supplemental schedule.

**LINE ITEM 2**

Commercial Inventory is merchandise and stock in trade available for sale. This includes manufactured products sold at retail by the manufacturer. An average of twelve (12) monthly inventories should be reported including two (2) physical inventories. Book inventories may be used for months when physical inventories were not taken. Values are to be reported at cost or market value. The LIFO method is prohibited in computing values. If there are multiple locations of inventory in Maryland they must be reported by each location. Business entities that need a Trader’s License must report commercial inventory.

Rental equipment including but not limited to video tapes, stereos, televisions, tools, appliances and furniture is not considered commercial inventory. These assets must be reported in Section II line item 1.

Leased property and off rent equipment are not considered commercial inventory and should be reported under Section II line item 1 and 6 respectively.

**LINE ITEM 3**

Supplies. Supplies are consumable items not held for sale (e.g., contractor’s supplies, office supplies, etc.). Report the average cost.

**LINE ITEM 4**

Manufacturing/R&D Inventory is raw materials, supplies, goods in process and finished products used in and resulting from manufacturing/R&D by the business. Include manufactured products sold at retail by the manufacturer under line item 2, commercial inventory. An average of twelve (12) monthly inventories should be reported including two (2) physical inventories. Book inventories may be used for months when physical inventories were not taken. Values are to be reported at cost or market value. The LIFO method is prohibited in computing values. If there are multiple locations of inventory in Maryland they must be reported by each location.

**LINE ITEM 5**

Tools, machinery and equipment used for manufacturing or research and development. Answer this question in detail even though such property may by law or resolution be exempt. Reporting property on this line item is not a substitute for a manufacturing application. If exemption is claimed for the first time, a manufacturing/research & development exemption application must be submitted on or before September 1, 2010 or within 6 months after the date of the first assessment notice for the taxable year that includes the manufacturing personal property before the exemption can be granted. Contact the Department or visit our web site at www.dat.state.md.us to obtain an application. This property shall be reported at original cost in the year of acquisition without deduction of depreciation, investment credit or trade-in of previously owned property. Include all fully depreciated personal property and property expensed under IRS rules.

For manufacturing the primary test for exemption requires substantially transforming, or a substantial step in the process of substantially transforming tangible personal property into a new and different article by use of labor or machinery. The term manufacturing does not include products mainly intellectual, artistic or clerical in nature, services, public utility services, or property used primarily in administration, management, sales, storage, shipping, receiving or any other non-manufacturing activity.

Research and development means basic and applied research in the sciences and engineering, and the design, development and governmentally required pre-market testing of prototypes, products, and processes. Research and development activities are exempt whether or not the company has a product for sale.

The following activities do not constitute research and development: market research; research in social sciences, psychology, or other nontechnical activities; routine product testing; service activities; sales; or research and development of a public utility.
LINE ITEM 6
Vehicles. Itemize motor vehicles with Interchangeable Registrations and vehicles that are unregistered. Interchangeable Registrations include: dealer plates (Class 1A, 1B, 1C); recycler plates (Class 2); finance company plates (Class 3); special mobile equipment plates (Class 4); and transporter plates (Class 5). This property shall be reported at original cost in the year of acquisition without deduction of depreciation, investment credit or trade-in of previously owned property. Include all fully depreciated personal property and property expended under IRS rules.

Vehicles registered in Maryland and classified in one of the following are exempt: Passenger cars (Class A); For hire vehicles (Class B); Funeral or ambulance vehicles (Class C); Motorcycles (Class D); Single unit, Dump, Tow, and Farm Trucks (Class E); Truck tractors (Class F); Trailers and Semitrailers (Class G); School vehicles (Class H); Passenger buses (Class I and P); Van pool (Class J); Farm vehicles (Class K); Historic vehicles (Class L); Multipurpose vehicles (Class M); Street rods (Class N); Limousines (Class Q); Low speed vehicles (Class R). Vehicles registered outside Maryland may be exempt. Exempt vehicles include those registered in another taxing jurisdiction and of a classification described in Title 13, Subtitle 9, Part II of the Maryland Transportation Article (Class A-R listed above). Exempt vehicles should be included on form 4B, line 11.

LINE ITEM 7

LINE ITEM 8
Other tangible personal property. Include other tangible personal property not reported elsewhere on this return. Report total cost on the return and supply a separate schedule giving a description, the cost and the date of acquisition of the property (e.g. artwork, antiques, linen, china, silverware, etc.).

LINE ITEM 9
Property owned by others and used or held by the business. All property that is not owned by the business but is held by the business as lessee, on consignment, or otherwise must be reported. A separate schedule showing the names and addresses of the owners, lease numbers, description of property, location of property, installation date and separate cost of assets must be supplied. If costs are not known, supply the terms of the lease including lease payment and number of months.

LINE ITEM 10
Property owned by business and used or held by others. All property that is owned by the business but is held by others as consignee, lessee or otherwise must be reported. A separate schedule showing the names and addresses of lessees, lease numbers, description of property, installation date and original cost by year of acquisition for each location must be supplied. Schedule should group leases by county where the property is located. Manufacturer lessors shall report property which has been acquired other than by purchase at the retail selling price in the year the property was manufactured (including property manufactured by a business for its own use) not at the cost of manufacture. All leased property must be reported, including manufacturing equipment, and property leased to tax exempt organizations. Property in this category should be reported on Line Item 10 not on Line Item 1.

SECTION III
A. Total gross sales must include sales in Maryland and sales by the Maryland location to out of state purchasers as well as transfers from the Maryland location of the reporting business to out of state locations. If the business has sales in Maryland and does not report any personal property, explain how the business is conducted without personal property. If a business shares the property of another business that reports the personal property, supply the name and address of that business.

B. List the beginning and ending fiscal year periods.

C.
